CODE	POD PARENT	NAME	POLLEN PARENT	NO OF PACKETS 5 SEED	PRICE PER PACKET ZAR
WATERFORD & GERHARD'S PASTEL GHOST SERIES				<p>WATERFORD SERIES are Gerhard's Pastel Ghost crossings on Chubb Peach, Kevin Walters, Ndwedwe Jade and Ndwedwe Pink Fantasy clones. Am breeding 3rd generation which is throwing out some really stunning show winning specimens. All crosses offset well.</p>	
T1	1	Waterford Enchanting X ENTHRALLING (Mirage x Enchanting)	2	5	R400-00 \$30
T2	3	Waterford HAUNTING x Waterford Mirage	4	5	R400-00 \$30
T3	5	Waterford CRYSTAL BALL x Waterford x Gerhards Pastel Ghost	6	5	R400-00 \$30
T4	7	Waterford SHADES x Waterford CRYSTAL BALL	5	5	R400-00 \$30

T5	4	Waterford Mirage x ECLIPSE (Waterford Mirage x Waterford Graffiti)	8	Waterford Mirage is breeding great Ghosts when crossed back to Mirage crosses F1 and F2 generation	5	R400-00 \$30
T6	9	Waterford Burme x Waterford Enchanting	1	Waterford Burme is bred from Enchanting. So am expecting something great out of this Line Bred cross.	5	R400-00 \$30
T7	10	Waterford Paisley x Marilyn Hirao MR BEAN	11	Waterford Paisley is producing some amazing results using Hirao and crossed with other Pastel clones.	5	R400-00 \$30
T8	4	Waterford Mirage x Gem's Apoline	12	This combination can only produce great results giving quality ghosts, pastels and Yellows	5	R400-00 \$30
T9	6	Gerhard's Pastel Ghost x Waterford Mirage	4	This amazing parent plant is producing some really show material. Can only get better using its daughter	5	R400-00 \$30
T10	4	Waterford Mirage x Florid White Lips CHARM	13	This combination can only improve the quality of leaf and bloom. Expecting smaller leaves with great ghosting.	5	R400-00 \$30
T11	14	Waterford Chrystaline x Waterford Eclipse	4	Very attractive Waterford Ghost.Produces great results using Sibling crosses.	5	R400-00 \$30
T12	15	Waterford Apparition x Waterford Chrystal Ball	5	Stunning pollen parent will produce great results. Line Breeding	5	R400-00 \$30
T13	16	Waterford Alaska x Gem's Apoline	12	This combination of good quality genes that are proven is a great buy.	5	R400-00 \$30

T14	17	Waterford Clouded Leopard x Waterford Enchanting	1	NEW BREEDING. Line Bred from Waterford Mirage and Waterford Enchanting. Stunning results. A must buy.	5	R400-00 \$30
(F.W.L x MIRABILIS), (CAULESCENS X MIRABILIS) and MIRABILIS CROSSES				I have used this (FLORID WHITELIPS X MIRABILIS)(Caulescens x Mirabilis) and pure Mirabilis Valentino Pastel on various clones in an effort to bring out the large number count and add unusual colour and flower shape to the results.		
T15	18	Variegated F.W.Lips CALMA x (F.W.L. x Mirabilis) Interspecific	19	Using a good quality F.W.Lips Ghost with (F.W.L. x Mirabilis) Interspecific	3	R400-00 \$30
T16	19	(F.W.Lips x Mirabilis) x Fairytale Green Moss	20	Expecting some green in the results of this cross using Fairytale genetics with lots of green	3	R400-00 \$30
T17	21	Ndwedwe Green Velvet x (F.W. x Mirabilis)	19	This habitat throws very interesting and pretty GREEN THROAT results with reflexed petals.	3	R400-00 \$30
T18	22	Mirabilis Valentino x Mixed Miniata Pollen	no photos	As Mirabilis is not an easy seed setter I have put a variety of good quality clones on this Mirabilis to ensure better seed setting	3	R400-00 \$30
T19	23	Fairytale F2 x Mirabilis Valentino	22	Another great Waterford Ghost with excellent qualities all round.	3	R400-00 \$30
T20	24	Sheer Surprize x Mirabilis Valentino	22	Lovely versi-colour Sheer Series (Wow x Naude) crossed with stunning pure Mirabilis	3	R400-00 \$30
HIRAO SERIES - GROUP 2 CROSSES				This Group yields some really stunning results. Well worth growing on and using on greenthroats or Group 2 Yellows.		

T21	25	Hirao Deli x Hirao 2021	26	Top quality plant with broad petals, full umbel, truly a stunning specimen BRED BY MYSELF. Show Quality genetics	5	R400-00 \$30
T22	27	Hirao Mean Green x Hirao Mr Bean	11	This combination of good quality genes showing lots of Green in both crosses.	5	R400-00 \$30
T23	26	Hirao 2021 x Covid Green	28	Lots of green in these two plants	5	R400-00 \$30
VARIEGATED FLORID WHITE LIPS				Florid Whitelips variegated selected clones crossed to produce a high % of variegation.		
T24	29	Variegated Orange PIN CUSHION x Variegated Orange	30	Lovely Variegation with Orange blooms crossed with good Variegated Orange	5	R400-00 \$30
T25	31	F.W.L. Variegated TRICKY x F.W.L. Variegated CALMA	18	Both Good Quality and pretty Ghosting same seed batch, breed a high % of Variegation	5	R400-00 \$30
T26	32	Variegated Broad Leaf Dark Orange THIMBLE x Variegated Orange PIN CUSHION	29	Two Nakamura Broad Leaf Ghosts with good variegation and Orange blooms. Nice specimens	5	R400-00 \$30
DAGGA COOKIE, ZOL GENETICS				NARCOTICS SERIES. Using Sean Chubb's stunning Narcotics Series on some of my Fairytales, Hiraos, which have already proved fruitful and produces stunning results.		
T27	33	D.C. Insangu x Tantalize Inzima F1 777	34	This stunning pair of similar colouration are expected to bring out lots of character	5	R500-00 \$33

T28	35	FROTTY (Dagga Cookie x Zol) x Tantalize Inzima 777 F1	34	Great combination with lots of potential to bring out the best	5	R500-00 \$33
T29	34	Tantalize Inzima F1 777 x D.C.Insango F1	33	This stunning pair of similar colouration are expected to bring out lots of character	5	R500-00 #33
T30	36	Flying Dagiwe x Fairytale x BEWITCHED	37	This is a Fairytale x Zol that has produced a very green recurved flower. Crossed back to Fairytale Sprinkles x Dagga Cookie F1.	5	R500-00 #33
T31	37	Fairytale Bewitched x Tantalize Inzima 777 F1	34	The Best this season,Bewitched (F.T.Sprinkles x Dagga Cookie F1) lots of green and colour on the outside petals.	3	R500-00 \$33
T32	38	(Fairytale x Dagga Cookie F1) x (F.T. Fabulous x Zol)	39	Parents Fairytale x Dagga Cookie F1 and F.T.Fabulous x Zol. Can only produce stunning F2 generation	5	R500-00 \$33
MINIATA RED				Selection of REDS in my collection with great colour full umbels and nice overall presence.		
T33	40	Broad Leaf Red Forest Burn x Red Hood	41	Two great dark reds with full umbels and nice shape round umbel	10	R300-00 \$20
T34	42	Ndwedwe Green Velvet F2 x Tantalize Inzima F1 777	34	Stunning Small recurved blooms with full umbel, dark bronzy red with green centre. Habitat Breeding.	5	R300-00 \$20
NDWEDWE HABITAT CLONES				Selection of NDWEDWE HABITAT Stunning proven clones crossed, line breeding to improve on flower shape, green centre and flower size.		

T35	43	Ndwedwe George-Anne x Bronze Coin	44	This clone is a Jade F1 daughter crossed with a great Bronze Broad Leaf. Expecting big blooms on a big umbel.	5	R300-00 \$20
T36	45	Ndwedwe Jade x Jade F1 Premier	46	This combination is expected to produce great results. Narcotics Zol in the breeding.	2	R300-00 \$20
T37	45	Ndwedwe Jade x Suncrush - Jade F1	47	Green Throat Jade Habitat plant selfed produces stunning results	2	R300-00 \$20
T38	48	Ndwedwe Kerry x Ndwedwe George-Anne	43	These two plants are full sisters bred from Ndwedwe Jade. Sure to produce a show stopper. Great Heritage clone genetics	2	R300-00 \$20
FAIRYTALE X 777 SERIES				New Stallions in my Fairytale Stable INZIMA F1 777 AND INSANGO F1 OBTAINED FROM SEAN CHUBB. STUNNING SPECIMENS WITH BROAD PETALS, SUBTLE SHADES OF REDDISH CREAMY GREEN serving the cream of my Fairytale Green Mares?		
T39	49	Fairytale English Rose x Mirror Image (Caulescens x Mirabilis) INTERSPECIFIC	50	Expecting something interesting from this mix of clones. (Caulescens x Mirabilis) Felix Bred	3	R400-00 \$30
T40	20	Fairytale Green Moss x Tantalize Inzima F1 777	34	Have had good amazing variety of results from 777 on Fairytale Series	5	R400-00 \$30
T41	51	Flying High x Flying Crazy	52	Both these plants are full sisters (Fairytale x Zol) expecting great results	5	R400.00 \$30
T42	53	Pete's Fairytale x Fairytale Emotional	54	Both these clones were bred by me and one has come home to use on similar pattern markings on sister.	5	R400-00 \$30

ANDREW GIBSON/ ROYAL GALA				ANDREW GIBSON has proved to produced some really amazing results carrying through the splashing effect with improved petal shape and umbel size. Introducing 777 to the gene pool.		
T43	55	Royal Gala Green x Pebbles (A.G. x 777 Sandstone)	56	Two outstanding examples of using Andrew Gibson genetics in the mix.	5	R500-00 \$35
T44	57	Royal Gala x 777 x Fairytale BEWITCHED	37	This stunning plant is Royal Gala x 777. Have crossed with a really nice combination in the hopes of carrying on the quality and adding some green.	5	R500-00 \$35
T45	58	(Royal Gala x 777-BBB) 6 F1 x Tantalize Inzima F1 777	34	My Breeding with Royal Gala x 777-BBB genetics crossed Sean Chubb Inzima 777 F1 genetics	5	R500-00 \$35
UPPER TONGAAT MVUMA HABITAT CLONE X NAUDE PEACH				MVUMA HABITAT YELLOW is one of best 'wild' yellow clones. It open with lots of green, has broad reflexed petals and full umbel of appealing flowers with green in the mix.		
T46	59	Habitat Mvuma Yellow x Habitat Mvuma Peach	60	These two habitat clones were found in the same area. Have crossed the two hoping for a pleasant and exciting result, could be orange.	5	R300-00 \$20
T47	61	Mvuma F1 Pastel Green Throat x Habitat Mvuma Peach	60	Attractive Mvuma F1 Green Throat crossed with Mvuma Peach. Expecting good results.	5	R300-00 \$20
SHEER SERIES - NAUDE x (MSUBO WOW x NAUDE)				SHEER SERIES Ndwedwe Msubo Wow crossed with Naude Peach. Naude Peach is producing some great genetic breeding material with versicolour coming through in the seedlings. Good flower shape and versi-colour coming through with some green in the mix.		
T48	62	Naude Peach F3 CARTIER x Sheer Wonder	63	Turn around the quality and expect the best of results from these two superior Naude X plants. Msubo Wow x Naude Peach	3	R400-00 \$30

T49	64	Sheer Luck X Naude Peach	65	Great combination of Msubo Wow x Naude genes. Each generation improves in quality with each linebred generation	5	R400-00 \$30
T50	66	Sheer Hopeful x Dagga Cookie F1 Dizzy	67	Great combination of these two clones has great potential	5	R400-00 \$30
APPLEBLOSSOM PINKS				Have used Ngidi Genetics on Appleblossom with successful results.		
T51	68	Appleblossom Victoria (Q5 x Q1) x Ngidi Pink Noir	72	Best of my Appleblossom collection crossed with new flowering Ngidi F3 Pink.	5	R300-00 \$20
T52	69	Appleblossom Crab Apple (Q1 x Q2) x Appleblossom Brian Tarr (Q5 x Q2)	70	Another stunning Appleblossom with great petal shape and colour.	5	R300-00 \$20
NGIDI PINKS				Have Flowered on a new batch of F3 seedlings which are producing some very pleasing improved Ngidi cross.		
T53	71	Ngidi Pink Rosè x Ngidi Pink Noir	72	This pretty dainty combination of Line bred Habitat Pink is expected to be a delight to the buyer.	5	R300-00 \$20
T54	73	Ngidi Pink Mimic x Ngidi Pink Noir	72	Line Breeding with two sisters from same pollination batch. Lovely combination	5	R300-00 \$20
CHINESE BLUSH SERIES				CHINESE BLUSH From Imported Stock. Very Attractive small broadleaf series of Pinkish Blooms that work well with Fairytale and Andrew Gibson Series.		

T55	74	Little Stewart Pink x Chinese Blush	75	Very similar colour of delicate pink with a full umbel of flowers. Lots of quality in both plants. Ruby Stewart Habitat Genetics.	3	R400-00 \$30
T56	75	Chinese Blush x Tantalize Inzima F1 777	34	Hoping this cross will shorten leaves and push out the lovely shades in the mix.	3	R300-00 \$20
PASTEL - LYN JANISCH "PARFAIT" CROSSINGS				LYN JANISCH PARFAIT SERIES. Some unusual and interesting results coming out of the various crosses onto Lyn's Parfait. WORTH A BUY.		
T57	76	Banana Parfait F3 x Parfait F3 Soda Stream F3	77	Line Breeding for Perfection with two F3 Sisters	5	R300-00 #20
T58	78	Lyn Parfait x Gerhards Pastel Ghost	6	Using this Gerhard's ghost on Mother plant, which seems to be happy pollinating out of the clone and still giving great results and shape.	5	R300-00 \$20
T59	78	Lyn's Parfait x Mirabilis Valentino	22	Using pure Mirabilis clone bought from Mick Dower expecting an interesting result. Interspecific.	3	R400-00 \$30
T60	78	Lyn's Parfait x Waterford Shadows	79	Expecting something interesting using Waterford Gerald's Pastel Ghost Shadows.	5	R300-00 \$20
CHIFFON, BILL MORRIS - BI-COLOUR/CREAM WHITETHROAT SERIES				CHIFFON SERIES. SOME NEW BLOOD IN THE STABLE. Great looking CHIFFON offspring SISTERS/DAUGHTERS FROM ROLY'S (CHIFFON & GUIPURE LACE)		
T61	80	Chiffon Daughter ALICE x Roly's Chiffon	81	Specially selected Pastel Blush genetics, lovely white throat and open flower crossed with outstanding Roly's Chiffon.	5	R300-00 \$20

T62	82	(Magnum x Nella) x Gerhard's Pastel Ghost	6	Specially selected (Magnum x Nella) genetics, outcrossing with Gerhards Pastel Ghost which is a great pollen parent.	5	R300-00 \$20
T63	83	B.M. Tango Dancer x B.M. Finesse-Bi-Colour	84	Specially selected Bi-Colour Bill Morris genetics, lovely white throat and open flower similar crossing	5	R300-00 \$20
T64	85	Roly's Classic Lace x Chiffon Cream Lace	86	Great potential in the making with these two Chiffon Crosses.	5	R300-00 \$20
GROUP 1 - QUALITY YELLOWS - GEM'S APOLINE, VANILLA CREAM, GERHARD'S GHOST CREAM, ETC .				MY CROSS OF THE SEASON Excellent selection of Large Umbels with big flowers. Specially selected for good quality results from Show winning genetics using Gem's Apoline, Gerhards Ghost, Vanilla Cream F1.		
T65	87	Waterford Colossus x Gem's Apoline	12	Colossus is winning material coupled with Gem's Apoline.	5	R300-00 \$20
T66	88	Howling Moon F1 x Gem's Apoline	12	What can I say - expecting the best of the best results from this cross	5	R300-00 \$20
INTERSPECIFIC CROSSES				Interspecifics do their own thing and the results are a surprise to all who work with them. Using a variety of mixes in the breeding with selected specials		
INTERSPECIFICS - HAPPY WANDERER				HAPPY WANDERER genetics have a truly attractive bell-shape to the head of flowers which produce some next generation spectacular results with subtle shades.		
T67	89	Happy Wanderer Premier x Morning Star	90	One of the best quality Interspecifics in my collection. Crossed with a stunning Versi-colour from Msubo Wow genetics of Mike Callaghan collection	4	R400-00 \$30

T68	11	Hirao Marilyn Mr Bean x Happy Wanderer Premier	89	This cross with Hirao has produced some interesting results and different colours and shape form.	4	R400-00 \$30
T69	91	Happy Wanderer Nomad x (H.W.x Ganache)	92	Full umbel of lovely flowers crossed with similar colour and shape variations	5	R400-00 \$30
T70	93	Happy Wanderer F1 Swinger x Naude Peach	65	This combination is expected to produce something interesting and different	5	R400-00 \$30
T71	94	Happy Wanderer Drifter F2 X Morning Star	90	A stunning full umbelled H.W.Premier x H.W. Philanderer F1. Can only get better	5	R400-00 \$30
	INTERSPECIFICS - PINK MISTY SERIES			The parent of these crosses came from INTERSPECIFIC SEED given to me by BILL MORRIS. Results were PINK ICING SUGAR. Have Line Bred with excellent results		
T72	95	Frosted Pink Sugar x Pink Mist	96	Expecting great results	5	R300-00 \$20
T73	97	Wittig Pink Frauline x Misty Pink Cloud	98	Stunning Wittig Pink crossed with Misty Pink Cloud. Expecting an interesting combination of the two clones.	5	R300-00 \$20
T74	99	Pinky Bell x Pink Mist	96	Line Breeding with these two daughters from Pink Icing Sugar	5	R300-00 \$20
T75	98	Misty Pink Cloud x Pink Mist	96	Expecting great results	5	R300-00 \$20

	INTERSPECIFIC - SELECTED CLONES CROSSED WITH QUALITY MINIATA AND INTERSPECIFICS			Interspecifics do their own thing and the results are a surprise to all who work with them. Using a variety of mixes in the breeding with selected specials		
T76	100	Ngome Lyric x Green Dreamer	101	The most stunning Interspecific pollen parent bred by Helen Marriott and grown on by Mike Callaghan.	5	R400-00 \$30
T77	102	Ngome Blushed Rush x Green Dreamer	101	The most stunning Interspecific pollen parent bred by Helen Marriott and grown on by Mike Callaghan.	5	R400-00 \$30
T78	103	Icicle x Waterford Colossus	86	Lovely Cream open interspecific crossed with a stunning yellow with great potential to produce a show quality result	3	R300-00 \$20
	INTERSPECIFICS - EVERTON GREEN GOBLIN SERIES			This Habitat plant is producing some really stunning results when crossed with selected MINIATA clones. A must in your INTERSPECIFIC COLLECTION		
T79	104	Everton Green GOBLIN x Fairytale Green Moss	20	Expecting great results from Goblin using Fairytale with lots of green, good umbel and flower shape.	5	R300-00 \$20
T80	104	Everton Green GOBLIN x Dagga Cookie Dizzy	66	Using proven Goblin with Dagga Cookie F1 Dizzy pollinating for interspecifics	5	R300.00 \$20
T81	104	Everton Green GOBLIN x Pretty Girl	105	Very Attractive combination expecting great results.	5	R300.00 \$20
T82	106	Goblin F2 KNOME NOSE x Naude Peach	64	If you are looking for a similar attractive Gardenii this cross using Daughter is sure to please.	5	R300.00 \$20

T83	107	Everton Green GOBBIT X Waterford Colosses	86	Gobbit is a cross using (Goblin x Hobbit). Both small stumpy blooms, full umbels. Crossing for Interspecific with superior large yellow.	5	R300-00 \$20
T84	104	Everton Green GOBLIN x Green Charmer	129	Stunning pollen parent with lots of potential in the breeding by Helen Marriott	5	R400-00 \$30
T85	108	GREMLIN (Goblin F1) x Fairytale Green Moss	20	Expecting great results from Goblin using Fairytale with lots of green, good umbel and flower shape.	5	R300-00 \$20
T86	108	GREMLIN (Goblin F1) x Hattori Dwarf Orange	109	Expecting some reduction in the leaves crossed with Hattori Orange and stumpie flower	5	R300-00 \$20
T87	110	Goblin F2 Knave x Green Dreamer	101	Line breeding for fullness of umbel and continue the high standard of results from Goblin.	5	R400-00 \$30
T88	108	GREMLIN (Goblin F1) x Sheer Wonder	62	Hoping that Goblin F1 does what it usually does by producing something special.	5	R300.00 \$20
	INTERSPECIFIC CLONES CROSSED WITH QUALITY MINIATA AND INTERSPECIFICS			Selection of different interespecific crosses with interspecifics and other suitable clones to produce interesting crosses		
T89	111	Brenda's Tresses x Pumpkin Patch	112	Both great looking interspecifics with lots of green and pastel shades	5	R300-00 \$20
T90	34	Happy Wanderer Swinger x Multi-Petal Broad Leaf	113	Great combination with green in the mix. Lovely full umbel and lots of colour.	5	R300-00 \$20

T91	114	Ngome Caress x Green Dreamer	101	Stunning Partner for this attractive clone with green in the colouration	5	R400-00 \$30
T92	115	Pink Mist F2 Float x Self	115	Expecting exciting results from this combination	5	R300-00 \$20
T93	116	Red Chillie Pepper x Red Chillie	117	Two dark red interspecifics should give great results with the red coming out	7	R300-00 \$20
T94	65	Sheer Hopeful x Little Mermaid	118	Good Looking attractive combination.	5	R300-00 \$20
T95	119	Hey Day Versicolour x Hey You Versicolour	120	Stunning combination both with great versicolour tones, shape and lots of potential. Not related.	5	R400-00 \$30
T96	121	Viceroy x Hey You Versicolour	120	Nice Combination expecting good results.	5	R400-00 \$30
NGOME AND OTHER GARDENII/ROBUSTA/MINIATA CROSSES				Selection of Ngome crosses using Ngome and Robusta pendulous species with quality and presence.		
T97	123	Gem's Sunstone x Robusta Tomato Drop	122	Gorgeous Bronze/Red Robusta flowers crossed with large umbel, dark orange red.	5	R300-00 \$20
T98	122	Tomato Drop Robusta x Gem's Sunstone	123	Two of the best looking Robusta clones.	5	R300-00 \$20

T99	124	Ngome Yellow Spark x self	124	Great looking Ngome Yellow.	5	R300-00 \$30
T100	125	Gatsby Girl x Gem's Apoline	12	Great Yellows expecting good results	5	R300-00 \$30
T101	126	Gem's Cream Green Ivory x self	126	Stunning colour with lovely dark green tips and full umbel	5	R300-00 \$20
T102	127	Gem's Malachite x Gem's Malachite Maiden	128	Stunning two Gardenii with lots of green in the gene pool and full umbels.	5	R300-00 \$20
T103	105	Ngome Pretty Girl x Green Dreamer	101	Great pollen parent can only give amazing results.	5	R400-00 \$30
